TWO WOMAN AND BOY DISCHARGED

Charges of Receiving Stolen Goods
Dismissed Because of Lack
of Jurisdiction

ARE NOT PUSHED ELSEWHERE

Marion County Officials Will Not
Prosecute—Delbert Newman
Will Stand Trial

Delbert Newman, who was arrested on Friday, December 6, for complicity in the robbery of E. E. Polk's hardware store, 127 North Main street, Thursday night, December 5, was arraigned before Judge Sparks in circuit court this morning and pleaded not guilty to the charge of entering Polk's store and aiding and advising in the theft, with Guy Newman, who was sentenced to the state reformatory for a term of two to fourteen years by Judge Sparks last Saturday, when he pleaded guilty to a charge of second degree burglary.

Mrs. Blanch Gilson, Mrs. Jessie Fleener and Bert Newman, all of whom were charged with receiving stolen goods which were taken from the home of Mrs. Mary L. Neutzenhelzer, two weeks ago last Saturday night, and from Poe's jewelry store, were discharged by Judge Sparks this morning and their case was referred to Marion county.

It is probable that these two robberies will never be explained because it is regarded as unlikely that the Marion county authorities will press the charges against the local people. Prosecutor Stevens has been in conference with the captain of detectives in Indianapolis, the Marion county prosecutor and his chief deputy, and all of them have expressed an unwillingness to take up the cases.

In view of the attitude of the Marion county and Indianapolis officials, there was no other recourse for local court officials but to set the two women and the boy free because they could not be prosecuted here for a crime which they are alleged to have committed in Indianapolis.

The woman and the Newman boy were arrested in Indianapolis a week ago today by the Indianapolis police, on advice from the local authorities, who believe that there is a clear case against them, if it were pushed in the proper jurisdiction, because the stolen articles were found in their possession and all have been identified. One of the rings stolen from Poe's jewelry store was pawned in Indianapolis by Mrs. Fleener, according to the local authorities.

That the same persons had knowledge of both these thefts and the burglary of the Polk store is established beyond doubt because Guy Newman, when he pleaded guilty to entering Polk's store, admitted that he had taken the articles found in the possession of the two women and Bert Newman, to Indianapolis, but told a lame story about how he came into possession of them, which local authorities did not believe.

Delbert Newman will stand trial, he indicated this morning when he pleaded not guilty and told the court that he did not have the means to hire an attorney. Judge Sparks told him he would provide a lawyer. Newman is accused in a grand jury indictment returned December 12, of the specific charge of "accessory before the fact." He is alleged not only to have entered the Polk store, but to have aided and abetted Guy Newman, who has already begun serving sentence for the burglary. His bond was fixed at \$500 and he went back to jail.

"The German guard promptly shot him dead, despite the fact the armistice had been signed."

139TH SAILED FOR HOME DECEMBER 15

Field Artillery Which Includes Many
Boys Formerly With Co. B on
George Washington

EARLIER REPORTED ON WAY

(By United Press.)
Washington, Dec. 19.—The transport George Washington sailed from France December 15, for the United States with 330 officers and 3,400 enlisted men, the war department announced today.

Included in the troops aboard the George Washington are the entire 139th field artillery and headquarters company and companies A, B, C, D, and E, of the 137th field artillery.

Rush county boys in the 139th Field Artillery were thought to have sailed from France on December 9 because of an announcement by the war department that the "training nucleus" of the 38th division had left on the Martha Washington on that date for home. Because the 139th was from the first a part of the 38th division, it was thought both here and in Indianapolis that the 139th was among the troops on the Martha Washington. Many of the former Rush county boys are in the headquarters company of the 139th, commanded by Capt. John H. Kiplinger of this city, which is specifically mentioned in the dispatch as having sailed.

GERMAN COALITION GOVERNMENT FAVORED

Receives Endorsement of National
Soldiers Council by Unani-
mous Vote

CONTROLS CIVILIAN AFFAIRS

(By United Press.)

Berlin, Dec. 19.—The Ebert-Hase coalition government has received the endorsement of the national soldiers council. The vote was unanimous. The council gave the present government absolute control over civilian affairs. The resolution adopted makes the peoples council composed of six members supreme in the national provisional government.

Administration of the military affairs by the peoples council, however, will be subject to approval by a parliament executive committee elected by soldiers.

Ebert Resigns?

SERVICES DISCONTINUED

Church and Sunday school services have been discontinued for the remainder of the year at the Plum Creek Christian church near Gings, on account of the epidemic of influenza. The Gings school, which was closed last Friday for the same reason, will not be opened until after the holidays.

CANVASS LEAVING THAT OF LAST YEAR

Total Number 1919 Red Cross Mem-
berships Greater Than on Same
Day in 1918 Drive

GARY REPORTS 5,500 TODAY

100 Percent Cards For Display by
Business Houses and Factories
Ready For Distribution

A. L. Gary, chairman of the Red Cross Roll Call week membership campaign, wired state headquarters today at noon that Rush county's 1919 members to date totaled 5,500. This estimate is based on reports received from some townships and from some of the canvassing districts.

Although the epidemic of influenza has hindered the campaign and may prevent the county from reaching the goal which has been set, the fact that today's report is ahead of the one for the same day in last year's campaign, is regarded as highly encouraging.

However, the epidemic is not the only thing which has served to slacken the campaign. The canvassers still find it necessary to overcome a feeling among many people that since the war is over, the Red Cross is not needed. There are a number apparently, who do not realize the aims and purposes of the Red Cross during the reconstruction period, and who do not understand that there are still almost two million American soldiers overseas who have to be cared for even though hostilities have ceased.

For instance, one canvasser has reported to the county chairman the case of a widow who owns a large farm and who refused to give \$1 for a membership because she had to "spend \$400 for a monument on her husband's grave."

Still another case has been reported of a man owning 160 acres of good Rush county land who did not join this year because he did not "think it was worth while" and "didn't pay." This man has two boys who escaped the draft because of agriculture claims on which they received deferred classifications.

It is also announced that one Rush county doctor has refused to renew his membership in the Red Cross.

Mr. Gary stated today that the one hundred percent window cards for factories and business houses had arrived and that they might be obtained at any time and displayed by establishments where every employee of the firm is a member.

Mrs. Ed Young announced today that she had a Christmas gift to each of her nephews by paying their Red Cross dues and giving them 1919 memberships. Those who were remembered by her are: Mr. and Mrs. Charles Wells and daughters Marian and Norma, Miss Lillian Joliss, Frank Cupp, Mr. and Mrs. Wayland Walker and children Eugene, Ellen, Viola and William Clayton, the last named being only three weeks old.

MRS RUSSELL NELSON DIES

Posey Township Woman Falls Vic-
tim to Influenza Wednesday

Mrs. Russell Nelson, age twenty-five years, died of influenza-pneumonia yesterday afternoon following a brief illness, at her home in Posey township. She was the daughter of Mrs. Henry Beckner, and in addition to her mother, is survived by her husband, one daughter Louise 2 years old and stepfather, Henry Beckner. Funeral services will be held at the Arlington Christian church tomorrow afternoon at two o'clock and burial will take place in the Arlington cemetery. She was the daughter of Ora Carr who died many years ago.

SHOWS WHAT WAS DONE IN EPIDEMIC

Report Made at Executive Commit-
tee Meeting Reveals How Red
Cross Relieved Distress

AIDED FAMILIES WITH "FLU"

In 10 Cases Found by Nurses Every
Person in Home Was Afflicted
—Many Duties Performed

How efficiently the Red Cross performed in relieving distress during the influenza epidemic in Rushville was disclosed in a report by Mrs. A. L. Stewart, which was read at the regular meeting of the executive committee of the Rush county chapter last night.

In the two sieges the nurses employed by the Red Cross waited on 250 or 300 patients. It furnished soup to about 400. (In families when the mother was sick and unable to work soup was furnished to all members—this accounts for the difference between 300 patients and the 400 patients.)

At times the Red Cross had five or six nurses out at once. Every case that needed constant care was given such care, day and night, until danger was past. One patient in his delirium, attacked his mother, striking her to the floor. The mother was the only help in the home—all others being sick. Two men were hired by the Red Cross to stay with this patient, day and night, until he ceased his raving. One man alone could not hold him in bed.

In the past nine days the nurses found ten families with all members sick and absolutely helpless. One of these families has eight children, one a baby two weeks old. Another has six children, one a baby three days old. Everything was done for these families that could be done—in one of the places some washing had to be done. No one could be found to do it so the nurse did it herself. The nurses did all kinds of work. They did the cleaning, sweeping, cooking, made the beds (in one house the beds had not been made for three days because the entire family was sick.) They cooked for the patients, bathed them, changed their clothes, washed, ironed, waited on the children etc. In one home the nurse did the churning rather than let the family lose the cream.

One man says he owes his life to the quick work of the Red Cross. This was a case where fever had to be reduced immediately or death would ensue. The Red Cross took one of its nurses off a case not so urgent at the time and put her on this case with instructions to remain until danger was past. The patient is getting well. Another man, the father of the eight children, says there isn't money enough in Rush county to repay the kindness and help rendered him and his family by the Red Cross.

FORMER TREASURER OF THE COUNTY DIES

William McBride, Age 59 Years, Life
Long Resident of County, Ex-
pires at Madison

WIDOW AND 3 CHILDREN LEFT

William McBride, age fifty-nine years, former county treasurer, died at the southeastern Indiana hospital at Madison this morning, according to a telegram received by relatives here today. Mr. McBride has been a patient in the hospital for the last few years.

Mr. McBride was born in Center township and lived in Rush county all of his life. He moved to Rushville twenty-five years ago and was associated with Earl Churchill in the furniture business and with the Manzy company before being elected county treasurer on the democratic ticket in 1910. He served two terms, being re-elected in 1912.

Mr. McBride is survived by the widow and three children, Mrs. Charles A. Frazee of this city, Mrs. H. E. Mussellman of Columbus, O., and Lieut. Stanton McBride of Camp Jackson, S. C. The body is expected to arrive this evening and will be taken to the home of the widow in West Ninth street. Funeral arrangements will not be made pending word from Lieut. McBride.

Mr. McBride was a member of the Macabee, Knights of Pythias, Odd Fellows, Red Men and Masonic lodges, and the Christian church.

WILSON AND PREMIER CLEMENCEAU CONFER

Believed Closer Understanding Be-
tween the United States and
France Will be Reached

ITALIAN KING IS IN PARIS

Paris, Dec. 19.—Pres. Wilson and Clemenceau held an important conference at the Marat palace this morning. It is believed that a closer understanding between the French and the United States, regarding details of the peace pact will be reached. At the conclusion of the conference the president expected to return Marshal Foch's call.

King Victor Emmanuel, of Italy, arrived in Paris at 3:10 o'clock this morning. The Italian official party includes the king, queen, crown prince, Premier Orlando and other ministers. They were greeted by the French cabinet, headed by Premier Clemenceau.

President Wilson and the king were to exchange visits this afternoon. The day's program also includes a visit by the king to Clemenceau's office. The premier will return the call.

WOUNDED FOUR TIMES.

Hammond, Ind., Dec. 19.—Frank Fabich, of Hammond, who is a private in Company C, 9th infantry, U. S. expeditionary armies in France, has been named in casualty reports four times since last May and each time he has been listed as severely wounded.

EXPLOSION ROCKS RUSHVILLE HOUSES

Blast on Noah Deshields Farm 2 1/2
Miles North of Greensburg Dis-
tinctly Felt Here

NITROGLYCERIN EXPLODES

Shakes Buildings and Arouses Fear
of Earthquake—Window Glass
in Milroy Broken

The explosion of 775 quarts of nitroglycerin and 200 pounds of dynamite on the farm of Noah Deshields, 2 1/2 miles north of Greensburg, which resulted in the death of Herbert Storms, 23 years old, who was unloading nitroglycerin, was plainly felt here yesterday evening about 5:40 o'clock.

Windows rattled, doors shook and houses trembled. People rushed from their homes, thoroughly frightened. The very first presumption was that the shaking of the earth was due either to an earthquake or an explosion.

It was about an hour before the real cause was known. It was then recalled by many that Storms was seen passing through here yesterday afternoon shortly before four o'clock, driving a motor truck in which he was hauling nitroglycerin.

In many homes people rushed to the door to welcome visitors, believing that someone was shaking the door and trying to get in. Others thought that neighborhood boys were playing late Halloween pranks and tapping on the windows.

Those who were outside when the explosion took place declare that they felt a distinct tremor of the earth. They also heard the roar of the explosion very plainly. Many ere of the opinion that the noise came from the west, before they learned the cause of the noise.

The explosion was more distinctly felt in the southern part of the county, of course, and in Milroy and New Salem, houses rocked on their foundations.

Two large plate glass windows in the Odd Fellows building at Milroy were broken. In some homes at Milroy which was securely latched, were shaken open.

Several persons from here went to the scene of the explosion in automobiles. They declare that the hole torn in the ground was at least fifteen feet deep and forty feet in circumference.

The blast was felt for a radius of forty miles, according to dispatches from Greensburg today. Columbus, Franklin, Shelbyville, North Vernon, and even Greenfield and Newcastle report hearing the noise of the explosion.

Storms, who lived at Bradner, O., and was employed by the American Glycerin company, had just arrived at the farm from Ohio with 300 quarts of nitroglycerin which he intended to put in the magazine. He had brought the explosive on an automobile truck.

It is believed that he dropped some of the nitroglycerin, which caused the explosion.

All the houses within a radius of several miles were shaken and nearly all the windows broken. Windows in Greensburg also were broken.

As far as is known he was alone. A story was advanced that Storms had a gas well shooter from Muncie, Ind., with him, from the fact that parts of two different shirt sleeves were found. It was pointed out, however, that Storms probably had on two shirts.

Bits of his clothing, including a pocket handkerchief, still folded, were found in an adjoining field and a piece of his trousers was found 200 yards from where the magazine stood.

The auto truck was blown into kindling and twisted iron and dis-

COUNTY DAIRYMEN ORGANIZED HERE

Association Formed to Promote Dairy Interests And Co-operate in Testing Cows

OFFICERS FOR YEAR NAMED

The Rush county dairymen met in the county agent's office yesterday afternoon and organized the Rush County Milk Producers' Association. The following officers were elected: R. J. Hall, president; James W. Gartin, vice-president; Edward S. Frazer, secretary and Lemuel Zumwalt, treasurer.

Messrs. Gartin and Hall were appointed as delegates to attend the Central Indiana Milk Producers' Association which meets in the Claypool Hotel in Indianapolis today.

The association was formed for the purpose of promoting the dairy interests of the county, co-operating in the testing of cows, and in the marketing of dairy products.

Dr. Hall remarked that the average Indiana cow produces 160 pounds of butter fat per year which will not pay her feed bill while the champion cow of the state produced over 800 pounds of butter fat, last year, and added that, this points out the way for improvement.

It developed in the meeting that several men had been wanting to have their cows tested but could not get the co-operation necessary to secure a tester. It is hoped that through the organization sufficient co-operation will be secured to accomplish the desired results.

The next meeting will be held about the middle of January.

Milroy and the "Flu"

The town of Milroy has had a total of 98 cases of Influenza and one case of Smallpox.

The smallpox case was properly quarantined for three weeks. That quarantine was lifted three weeks ago and in the meantime there have no new cases developed, so the Smallpox situation is closed.

Of the 98 cases of Influenza all are well except 1. There have been no new cases reported in the last week.

All stores and public gathering places have been properly FUMIGATED with FORMALDEHYDE.

All towns in Rush, Decatur and Shelby Counties have been hit by the "Flu," but none can show a record that would indicate it as SAFE from the disease NOW as Milroy.

IF YOU ARE AFRAID OF INFLUENZA, come to Milroy to do your trading and BE SAFE. It's a mighty good place to do your trading at any time.

Eradicating Grasshoppers

There are going to be lots of grasshoppers during the summer of 1919 in Indiana and other States in the grasshopper belt, according to indications found by entomologists of the department of agriculture and the state agricultural colleges. Farmers are urged to start a cleanup campaign against them right away. Plowing to a depth of 6 inches and subsequent harrowing during the fall or winter, at any event not later than April 10, will cover the eggs so deep that the young will not be able to escape. When grasshoppers make their appearance they can be destroyed by the common poisoned bait method.

But there is another way of getting rid of grasshoppers that makes the pests pay for the trouble of killing or catching them. This method consists of driving a grasshopper catcher through an infested field, catching all the grasshoppers that hop, and then feeding the insects to chickens. They can be dumped into sacks and hung up to dry and fed as dry grasshoppers, or if it is preferred to feed the grasshoppers alive, the machine can be hauled to the poultry yard and placed so that the front will face the light. The insects will find their way out but not too fast for an ordinary flock of chickens. Thus the grasshopper catcher becomes a poultry self-feeder.

How About The 100,000,000

The American Federation of Labor announces that it is about to conduct a referendum among its 600,000 members in railroad employ to assist the President in finding out the attitude of the country on what should be done with the roads. The alternative propositions of national ownership and operation, or private ownership with national control and regulation, are presented in the referendum. The reply of railroad labor will be interesting, of course, but what of the 100,000,000 of our citizens whose concern in the railroads is only slightly less than that of the employees themselves. The price and supply of necessities of life is directly dependent on efficient management of transportation lines, and the voice of the small minority of the people who draw their salaries from the railroad treasuries should not be the only, or even the principal, guide to their ultimate disposition.

Inspires Patriotism

France inspires a wonderful patriotism in its people. Alsace and Lorraine had been separated from their mother country for forty-seven years. They had been entirely under German domination. The German language had been enforced in the schools, in the courts of law and in the churches. Comparatively few people are now alive who were of mature age at the time of the cession of the provinces to Germany.

Yet the prospects of a return to France are received with delight, and the entry of American soldiers took place among public acclamations.

Fortunate indeed is the country which inspires this special brand of loyalty and affection.

Let us all spread our coats and sit down on the piers of our great joy to await the ships that bring home sons of marvelous mothers and the granite pillars of a great nation.

Amsterdam, Dec. 19.—The former kaiser has been confined to his bed since Sunday, as the result of a chill and an extraction of the ear, it was learned today. A special physician is attending him.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.—(Adv.)

COUNCIL AUTHORITY FOR MASK ORDINANCE

Mayor Irvin Calls Attention to Fact He Did Not Draw up Hallowe'en Measure

CITY'S LOSS CAUSES STEP

Mayor Irvin calls attention to the fact that the Hallowe'en ordinance which was unanimously voted down at the council meeting Tuesday night, was drawn by the city attorney at the suggestion of the council and not on his recommendation. He points out that at the meeting Tuesday evening Nov. 5, the council passed the following order on motion of Councilman Wagoner: "Mr. Wagoner moves that the city attorney be instructed to draw up an ordinance prohibiting Hallowe'en festivities, masking on street and destruction of property."

Mayor Irvin says the council was prompted to pass this order because on Hallowe'en night, just a few days previous to the meeting, the city had suffered a loss of \$6 through the destruction of street lamps. The ordinance was drawn and introduced at the meeting Nov. 19, never discussed at any of its three readings, and voted down when placed on final passage.

TWO NEW CASES OF "FLU"

Situation in County Continues to be Very Encouraging

The influenza situation continued to be very encouraging today with only two new cases reported in Rushville and none reported outside of the city. Yesterday only one new case was reported and that patient also lived in Rushville. Today's report brings the total number of cases reported in Rushville this month to 146, making the daily average, which is daily being decreased, seven and a fraction.

CITY CLAIMS

The city council has requested that all claims against the city of Rushville must be presented at once so that all business for the year 1918 can be adjusted before the starting of the new year. Please do not overlook this important matter.

ANNOUNCEMENT!

NASH

The Rushville Auto Company is pleased to announce the coming of the Nash passenger cars and trucks to Rush county.

In taking over this line we have carefully looked into its record in service, as well as the standing of the Nash company.

It is well to note the following :

Mr. Nash, previous to taking over the Jeffry factory held the position as president of the General Motors Company for five years; and also General Manager of the Buick Motor Company for a number of years.

Mr. Nash also had charge of the airplane production for the U. S. Government during the world war.

During the war Mr. Nash produced \$37,000,000 worth of Nash products for war services.

The Nash factory covers 100 acres of ground with 30 acres under cover, and employs 3,000 mechanics.

The Rushville Auto Company will be ready for delivery of Nash passenger cars in a short time and are now prepared to furnish Nash trucks. They now have a Nash two-ton truck, equipped with pneumatic tires, in operation.

Children Set Example of Patriotic Devotion

The three children of Mr. and Mrs. Walter Wainwright have set an example of patriotic devotion which might well be emulated by others with the financial ability to do more, and help Rush county approach close to the aim it attains—one hundred percent membership in the Red Cross.

Morris and Leola Wainwright conducted a refreshment stand in front of their father's grocery store, 926 West Third street, on circus day here late last summer and made \$5 which they carefully hoarded against the day when the Red Cross would make an appeal for funds to save the lives of others. Morris and Leola enrolled as Red Cross members at the school they attend and when the canvasser called this week, they had \$3 to pay for adult memberships for their parents and their little sister Jean—and the family is one hundred percent Red Cross because of the thoughtfulness of these two children.

EXPLOSION ROCKS RUSHVILLE HOUSES

Continued from Page One
Ira Bird, manager of the contributed over a wide area. pany, stated that he had used a box while unloading and loading the explosive, and it may have been that Storms loaded it too heavily, causing it to break. The magazine and roadway are separated by a wire fence and the box was used as a matter of precaution in handling the nitroglycerine.

Although dispatches from Greensburg said there was only 600 quarts of nitroglycerine and fifty pounds

of dynamite let go, Tom Bird of Arlington, brother of Ira Bird, who was at the scene of the accident last night, said this morning that his brother said the truck carried 400 quarts of nitroglycerine and that there were 375 quarts and 200 pounds of dynamite stored at the

station there.
Mr. Bird said that just as soon as he heard the explosion at Arlington, he felt sure what had caused it. He declared that his brother narrowly escaped death because he would have been there helping unload the explosive if he had known Storms had arrived. Mr. Bird said Storms was not expected until today.

Mr. Bird asserted that the explosion tore all the window sash out of a tenant house on the Deshields farm, one fourth of a mile away, and wrenched the back porch off the house. It also broke all the window panes in Deshields' own house, which is a cross the road from the tenant house.

Hundreds of persons rushed to the Deshields farm after the explosion and searched with lanterns in an effort to find parts of the body of Storms.

Mr. Bird stated that he had 280 quarts of nitroglycerin in the magazine and fifty pounds of dynamite. He said that Mr. Storms on recent

trips had brought 300 quarts of nitroglycerin. Storms is survived by a widow and one child and word was telegraphed to the widow of the accident.

ARE GUESTS OF KING GEORGE

(By United Press.)
London, Dec. 19.—Hundreds of thousands of persons joined in a tremendous ovation to the British army chiefs who arrived here this afternoon to visit King George. When Field Marshal Haig, accompanied by Generals Rawlinson, Plummer, Byng, Birdwood, and

Horne left the train, they were surrounded by a cheering mass of humanity that blocked their progress. Many American soldiers and sailors participated in the demonstrations. The police finally cleared a way

and the famous military leaders proceeded to Buckingham palace. The streets were decorated with allied flags. At the palace, Haig and his party were the guests of the king.

DISCHARGED SOLDIERS TO GET LOAN PAYMENTS

They Do Not Have to Take Liberty Bonds For Which They Subscribed

RELEASED BONDS NOT USED

Washington, Dec. 19.—Discharged soldiers who do not wish to continue payments on liberty bond subscriptions made through the army organization will have payments already made returned and the subscription will be cancelled. Army officers said yesterday that although this arrangement had been made, they did not expect any great number of subscriptions to be nullified.

Less than \$30,000,000 of the army's \$76,000,000 subscriptions to the fourth liberty loan was subscribed by the plan of making monthly allotments from pay and the balance constituted bank subscriptions, which will not be affected. To the extent that pledges are not carried out, the subscription total to a loan will be reduced. The bonds thus released, however, will not be thrown on the market.

WILLIAM SEXTON FOLLOWS THE HUN

Letter From Former Rushville Boy, Written Nov. 20, Says He Was Close to Border.

WITH 11TH BALLOON COMPANY

Seems Good To Be Living Above Ground Once More And To Be Able To Have Lights.

Nine days after the armistice was signed and hostilities ceased, William Sexton, 11th Balloon company, was only ten kilometers from the German border, following the Hun to see that he evacuated according to orders. A letter has been received from the former Rushville boy, written on that date. He writes as follows:

I wrote you a long letter Halloween. The next day we moved and have been on the jump ever since, so I couldn't get it censored to mail. It got all crumpled up, so I tore it up today. Today is "Dad's Christmas Letter Day."

We are now billeted in a village ten kilometers from the German border. It was captured the second day of the war. It seems good to be living above ground once more and to be able to have lights at night. I never did like dugouts—too many rats and "cooties" for me, but they were safer. When the armistice came, we had been expecting to be relieved for a month. But instead we were ordered ahead to follow the Huns to the border to see that they evacuated as per orders. So here we are. On the way here we stayed in a small village over night and several of us slept on a church floor. Some one began picking the colored glass out of the windows for souvenirs and we nearly froze.

There are thousands of released prisoners passing through here every day. They are of all nationalities—a queer sight, and they tell some funny tales. They are all mighty glad to be free once more and are sure grateful to us.

We hear wild rumors of when we will be sent home, but no one knows yet. The best Christmas present I could ask would be Christmas dinner with you folks at home. I set Easter as the very latest I will be home.

War Department Takes Steps to Stop the Increase in Accidents

Washington, Dec. 19.—Because many aviators in this country had taken to acrobatics since the armistice was signed, resulting in an increased accident list, the War Department yesterday ordered there should be no fancy flying lower than 1,500 feet.

The acrobatics, it was stated, had been performed largely in connection with celebrations near cities, towns and buildings. Strict discipline will be enforced against any violating the new order.

GOODRICH BEGINS WORK ON MESSAGE

Prepared to Write Address to Legislature After Collecting Data and Formulating Ideas.

TOUCH ON RECONSTRUCTION

Governor To Deal With This Subject As Well As Devoting Large Portion To Platform Pledges.

Indianapolis, Ind., Dec. 19.—Gov. Goodrich started work this week on getting the message that he will deliver at the opening of the legislature into final form.

The governor has been busy collecting data and formulating ideas for the message for several months. He has consulted with many leaders of various movements regarding ideas to be carried out.

The entire message will be devoted to carrying out of the platform pledges of the republican party, with the exception of a portion which will be devoted to reconstruction ideas, according to belief in the best informed circles here.

Consolidation of public offices; changes in the election laws; change of the taxation laws, to allow the governor to veto any part of the appropriations bill without vetoing the entire measure and the placing of power in the hands of the state's chief executive by making many offices now elective appointive.

It is probable that the governor will not touch on prohibition although he will submit the federal prohibition amendment to the legislature and it will undoubtedly be passed by a large majority.

The question of a constitutional convention will probably not be touched by the governor. He is expected to recommend repeal of the law providing for teaching of German in grade schools on petition of parents of 25 per cent of the children.

COMMITTEE FORMED TO AID SOLDIERS FIND JOB

Central Organization Which Will Command 500,000 Employment Agencies at Work

NATHAN A. SMYTH CHAIRMAN

Washington, Dec. 19.—A central committee which will direct the efforts of the Federal employment service and allied organizations in securing jobs for returning soldiers and sailors was formed yesterday, with Nathan A. Smyth, assistant director general of the employe service, as chairman and Harold Stone, of Syracuse, N. Y., superintendent of the soldiers' bureau section of the service, as secretary.

The committee will be composed of representatives of the American Red Cross, Y. M. C. A., Knights of Columbus, Jewish Welfare Board, war-time commission of American Federation of Churches, War Camp Community Service, American Federation of Labor, Council of National Defense, Federal board for vocational training, committee on education and special training services of the War Department and the morale, personnel and demobilization departments of the War and Navy departments.

The joint action of all these organizations, it was said, brings to the aid of the employment service more than 500,000 local agencies with existing machinery that easily can be devoted to the task of re-locating men in industry.

TO AID NAVAL STATIONS

Washington, Dec. 19.—The United States will help naval stations at Cardiff, Queenstown and Brest, until all American forces are ready to leave Europe, Captain Lanning of the bureau of navigation told the house naval committee today. The stay of the armies in France is indefinite, Lanning said. "I don't believe our forces are coming back by July 1, 1920," he said.

Washington, Dec. 19.—Ratifications of the prohibition amendment to the federal Constitution by the necessary three-fourths of the states by next February 1 is predicted in a survey of the prohibition situation made public by the board of temperance, prohibition and public morals of the Methodist Episcopal church. amendment, and the board declares that thirty other states, the legis-

latures of which will meet next month, will vote favorably on the proposal for nation-wide prohibition.

By Presenting Them With This Beautiful Style G. Vocalion

We invite you to come to our salesroom and hear for yourself this most wonderful of all Phonographs.

—The Vocalion eliminates practically all of that mechanical noise so commonly heard on the ordinary phonograph.

—The Aeolian—the only Phonograph which is made by a great musical instrument maker—The Aeolian Company.

—It's different — and it will appeal to you, if you are a music lover.

The Vocalion plays all records with that same sweet, clear tone that is so characteristic of all the Aeolian Company's Musical Instruments, and by the use of that little device called the Graduola you can actually play your records, just the same as you can play the rolls on your player piano.

We want you to hear it, whether you are going to buy an instrument or not. We will be glad to show you the Vocalion and let you hear for yourself—the superior tone quality.

RULES TO BE FOLLOWED TO PREVENT XMAS FIRE

State Fire Marshal Declares Thousands of Dollars Worth of Property is Lost Every Year

COTTON SHOULD NOT BE USED

Indianapolis, Ind., Dec. 19.—Harry Friedley, state fire marshal today issued the following rules for prevention of fires during the Christmas season:

Use fireproof material wherever possible for decorative purposes.

Electricity should be used in place of candles for lighting Christmas trees. Don't use cotton for snow. Permit none but competent electricians to do the wiring.

Children's celebrations should be watched especially, Friedley said. In case of public celebrations all waste paper and other such material should be removed immediately after the party ends. Aisles and passageways should be kept open.

See to it that stoves and other heating appliances are in good condition. Storekeepers should remove packing materials from their places of business frequently. Watch smokers who might throw butts near decorations.

"Thousands of dollars worth of property is lost every year through fires during the holiday seasons," Friedley said. "This waste could be easily eliminated if ordinary rules of precaution and care were followed."

MILK PRODUCERS MEET.

Indianapolis, Ind., Dec. 19.—Milk producers of Indiana met here today to organize a permanent association. W. J. Kittle of the Chicago Milk Producers association and Prof. O. E. Reed of the dairy department at Purdue university were the speakers.

THE strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer says to himself, "If I could only be well, how happy I would be," for health is more essential to the joy of living than is wealth.

The kidneys almost literally wash the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out this waste and poisonous matter. It remains in the system to cause backache, rheumatic pains, sore muscles and stiff joints.

Foley Kidney Pills help the system eliminate this poisonous waste. They soothe, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

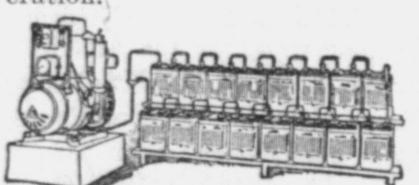

C. W. Smith, 1205 No. 4th St., Salina, Kas., writes: "I am very much pleased with Foley Kidney Pills. I am working in a coal yard and have been very much troubled with my back. I have taken several doses of Foley Kidney Pills and they have already helped me."

ANOTHER SUGAR SHORTAGE LIKELY

Dr. Barnard Says Return to Wasteful Practices Threatens Another Serious Situation.

A SCARCITY OF BROWN SUGAR

Telegram to Food Administration States That It Cannot Be Shipped West of Pittsburgh.

Indianapolis, Ind., Dec. 19.—A word of warning was issued today by Dr. Harry E. Barnard, federal food administrator for Indiana and J. E. Larger, who has been in charge of the distribution of sugar in Indiana, that a return to the wasteful practices of a year ago threatens another serious shortage of the commodity. The officials decried, particularly, the restoration of the common sugar bowl in public eating houses, which is held the source of the loss of an enormous percentage of the volume of sugar used.

In a communication to dealers and consumers the Indiana officials state that notwithstanding all regulations of serving and selling have been withdrawn, the Federal food administration is anxious that a policy of strictest conservation be maintained in order that a further limitation be unnecessary.

In the New England states, Mr. Larger says he has been informed, there still exists an acute shortage of first grade sugars. He has endeavored in vain, he adds, to secure brown sugar for curing meats, in accordance with the privilege recently extended by the Food administration to farmers and others desiring to preserve their own products. A telegram from the Food Administration states that no permission will be issued to ship brown sugar west of Pittsburgh. Accordingly Indiana will be forced to use a second grade of cane sugar for this purpose.

Mr. Larger declares that "we are just now at the cross roads where the old crop of sugar is passing and the new crop is approaching the market." It will be several weeks, he says, before the situation "eases up." In the meantime, he emphatically declares, there is an imminent danger of the local supply being exhausted, notwithstanding an unprecedented beat sugar yield. He declares the prudent consumer and especially the operators of public eating houses, will do well both by themselves and the general public, to maintain the strictest economies in the use of sugar, no matter for what purpose.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Checks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all scientifically supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

The news of the severe wounding in action November 9, just two days before the hostilities ceased, was received in this county December 11 by his mother, Mrs. Mary Smith of Manilla.

COMRAD IS BADLY WOUNDED

John Vettors Writes of Injury Sustained by Oral Curry

Charles Vettors of Greenfield, formerly a resident of this county, writes that his son, John Vettors, was a comrade of Oral B. Curry, son of James Curry of Greenfield, who last week was reported to have been severely wounded in France November 10, just one day before hostilities ceased. The two boys, Mrs. Vettors says, were together at Camp Taylor, Camp Logan and Camp Upton and for six months faced the Hun in France. Young Vettors writes that it was on the afternoon of the tenth, when he, Curry and others were bringing in some German prisoners, that the Huns turned loose their machine guns and the Americans paid dearly for their captives.

TWO WOMAN AND BOY DISCHARGED

Charges of Receiving Stolen Goods
Dismissed Because of Lack
of Jurisdiction

ARE NOT PUSHED ELSEWHERE

Marion County Officials Will Not
Prosecute—Delbert Newman
Will Stand Trial

Delbert Newman, who was arrested on Friday, December 6, for complicity in the robbery of E. E. Polk's hardware store, 127 North Main street, Thursday night, December 5, was arraigned before Judge Sparks in circuit court this morning and pleaded not guilty to the charge of entering Polk's store and aiding and advising, in the theft, with Guy Newman, who was sentenced to the state reformatory for a term of two to fourteen years by Judge Sparks last Saturday, when he pleaded guilty to a charge of second degree burglary.

Mrs. Blanch Gilson, Mrs. Jessie Fleener and Bert Newman, all of whom were charged with receiving stolen goods which were taken from the home of Mrs. Mary L. Neutzel, two weeks ago last Saturday night, and from Poe's jewelry store, were discharged by Judge Sparks this morning and their case was referred to Marion county.

It is probable that these two robberies will never be explained because it is regarded as unlikely that the Marion county authorities will press the charges against the local people. Prosecutor Stevens has been in conference with the captain of detectives in Indianapolis, the Marion county prosecutor and his chief deputy, and all of them have expressed an unwillingness to take up the cases.

In view of the attitude of the Marion county and Indianapolis officials, there was no other recourse for local court officials but to set the two women and the boy free because they could not be prosecuted here for a crime which they are alleged to have committed in Indianapolis.

The woman and the Newman boy were arrested in Indianapolis a week ago today by the Indianapolis police, on advice from the local authorities, who believe that there is a clear case against them, if it were pushed in the proper jurisdiction, because the stolen articles were found in their possession and all have been identified. One of the rings stolen from Poe's jewelry store was pawned in Indianapolis by Mrs. Fleener, according to the local authorities.

That the same persons had knowledge of both these thefts and the burglary of the Polk store is established beyond doubt because Guy Newman, when he pleaded guilty to entering Polk's store, admitted that he had taken the articles found in the possession of the two women and Bert Newman, to Indianapolis, but told a lame story about how he came into possession of them, which local authorities did not believe.

Delbert Newman will stand trial, he indicated this morning when he pleaded not guilty and told the court that he did not have the means to hire an attorney. Judge Sparks told him he would provide a lawyer. Newman is accused in a grand jury indictment returned December 12, of the specific charge of "accessory before the fact." He is alleged not only to have entered the Polk store, but to have aided and abetted Guy Newman, who has already begun serving sentence for the burglary. His bond was fixed at \$500 and he went back to jail.

"The German guard promptly shot him dead, despite the fact the armistice had been signed."

139TH SAILED FOR HOME DECEMBER 15

Field Artillery Which Includes Many
Boys Formerly With Co. B on
George Washington

EARLIER REPORTED ON WAY

(By United Press.)
Washington, Dec. 19.—The transport George Washington sailed from France December 15, for the United States with 330 officers and 3,400 enlisted men, the war department announced today.

Included in the troops aboard the George Washington are the entire 139th field artillery and headquarters company and companies A, B, C, D, and E, of the 137th field artillery.

Rush county boys in the 139th Field Artillery were thought to have sailed from France on December 9 because of an announcement by the war department that the "training nucleus" of the 38th division had left on the Martha Washington on that date for home. Because the 139th was from the first a part of the 38th division, it was thought both here and in Indianapolis that the 139th was among the troops on the Martha Washington. Many of the former Rush county boys are in the headquarters company of the 139th, commanded by Capt. John H. Kiplinger of this city, which is specifically mentioned in the dispatch as having sailed.

GERMAN COALITION GOVERNMENT FAVORED

Receives Endorsement of National
Soldiers Council by a Unani-

CONTROLS CIVILIAN AFFAIRS

(By United Press.)
Berlin, Dec. 19.—The Ebert-Hase coalition government has received the endorsement of the national soldiers council. The vote was unanimous. The council gave the present government absolute control over civilian affairs. The resolution adopted makes the peoples council composed of six members supreme in the national provisional government.

Administration of the military affairs by the peoples council, however, will be subject to approval by a parliament executive committee elected by soldiers.

CANVASS LEAVING THAT OF LAST YEAR

Total Number 1919 Red Cross Mem-
berships Greater Than on Same
Day in 1918 Drive

GARY REPORTS 5,500 TODAY

100 Percent Cards For Display by
Business Houses and Factories
Ready For Distribution

A. L. Gary, chairman of the Red Cross Roll Call week membership campaign, wired state headquarters today at noon that Rush county's 1919 members to date totaled 5,500. This estimate is based on reports received from some townships and from some of the canvassing districts.

Although the epidemic of influenza has hindered the campaign and may prevent the county from reaching the goal which has been set, the fact that today's report is ahead of the one for the same day in last year's campaign, is regarded as highly encouraging.

However, the epidemic is not the only thing which has served to slacken the campaign. The canvassers still find it necessary to overcome a feeling among many people that since the war is over, the Red Cross is not needed. There are a number apparently, who do not realize the aims and purposes of the Red Cross during the reconstruction period, and who do not understand that there are still almost two million American soldiers overseas who have to be cared for even though hostilities have ceased.

For instance, one canvasser has reported to the county chairman the case of a widow who owns a large farm and who refused to give \$1 for a membership because she had to "spend \$400 for a monument on her husband's grave."

Still another case has been reported of a man owning 160 acres of good Rush county land who did not join this year because he did not "think it was worth while" and "didn't pay." This man has two boys who escaped the draft because of agriculture claims on which they received deferred classifications.

It is also announced that one Rush county doctor has refused to renew his membership in the Red Cross.

Mr. Gary stated today that the one hundred percent window cards for factories and business houses had arrived and that they might be obtained at any time and displayed by establishments where every employee of the firm is a member.

Mrs. Ed Young announced today that she had a Christmas gift to each of her nephews by paying their Red Cross dues and giving them 1919 memberships. Those who were remembered by her are: Mr. and Mrs. Charles Wells and daughters Marian and Norma, Miss Lillian Joliss, Frank Cupp, Mr. and Mrs. Wayland Walker and children Eugene, Ellen, Viola and William Clayton, the last named being only three weeks old.

MRS RUSSELL NELSON DIES

Posey Township Woman Falls Vic-
tim to Influenza Wednesday

Mrs. Russell Nelson, age twenty-five years, died of influenza pneumonia yesterday afternoon following a brief illness, at her home in Posey township. She was the daughter of Mrs. Henry Beckner, and in addition to her mother, is survived by her husband, one daughter Louise 2 years old and stepfather, Henry Beckner. Funeral services will be held at the Arlington Christian church tomorrow afternoon at two o'clock and burial will take place in the Arlington cemetery. She was the daughter of Orr Carr who died many years ago.

SHOWS WHAT WAS DONE IN EPIDEMIC

Report Made at Executive Commit-
tee Meeting Reveals How Red
Cross Relieved Distress

AIDED FAMILIES WITH "FLU"

In 10 Cases Found by Nurses Every
Person in Home Was Afflicted
—Many Duties Performed

How efficiently the Red Cross performed in relieving distress during the influenza epidemic in Rushville was disclosed in a report by Mrs. A. L. Stewart, which was read at the regular meeting of the executive committee of the Rush county chapter last night.

In the two sieges the nurses employed by the Red Cross waited on 250 or 300 patients. It furnished soup to about 400. (In families when the mother was sick and unable to work soup was furnished to all members—this accounts for the difference between 300 patients and the 400 patients.)

At times the Red Cross had five or six nurses out at once. Every case that needed constant care was given such care, day and night, until danger was past. One patient in his delirium, attacked his mother, striking her to the floor. The mother was the only help in the home—all others being sick. Two men were hired by the Red Cross to stay with this patient, day and night, until he ceased his raving. One man alone could not hold him in bed.

In the past nine days the nurses found ten families with all members sick and absolutely helpless. One of these families has eight children, one a baby two weeks old. Another has six children, one a baby three days old. Everything was done for these families that could be done—in one of the places some washing had to be done. No one could be found to do it so the nurse did it herself. The nurses did all kinds of work. They did the cleaning, sweeping, cooking, made the beds (in one house the beds had not been made for three days because the entire family was sick.) They cooked for the patients, bathed them, changed their clothes, washed, ironed, waited on the children etc. In one home the nurse did the churning rather than let the family lose the cream.

One man says he owes his life to the quick work of the Red Cross. This was a case where fever had to be reduced immediately or death would ensue. The Red Cross took one of its nurses off a case not so urgent at the time and put her on this case with instructions to remain until danger was past. The patient is getting well. Another man, the father of the eight children, says there isn't money enough in Rush county to repay the kindness and help rendered him and his family by the Red Cross.

FORMER TREASURER OF THE COUNTY DIES

William McBride, Age 59 Years, Life
Long Resident of County, Ex-
pires at Madison

WIDOW AND 3 CHILDREN LEFT

William McBride, age fifty-nine years, former county treasurer, died at the southeastern Indiana hospital at Madison this morning, according to a telegram received by relatives here today. Mr. McBride has been a patient in the hospital for the last few years.

Mr. McBride was born in Center township and lived in Rush county all of his life. He moved to Rushville twenty-five years ago and was associated with Earl Churchill in the furniture business and with the Mauzy company before being elected county treasurer on the democratic ticket in 1910. He served two terms, being re-elected in 1912.

Mr. McBride is survived by the widow and three children, Mrs. Charles A. Frazee of this city, Mrs. H. E. Musseffman of Columbus, O., and Lieut. Stanton McBride of Camp Jackson, S. C. The body is expected to arrive this evening and will be taken to the home of the widow in West Ninth street. Funeral arrangements will not be made pending word from Lieut. McBride.

Mr. McBride was a member of the Macabee, Knights of Pythias, Odd Fellows, Red Men and Masonic lodges, and the Christian church.

WILSON AND PREMIER CLEMENCEAU CONFER

Believed Closer Understanding Be-
tween the United States and
France Will Be Reached

ITALIAN KING IS IN PARIS

Paris, Dec. 19.—Pres. Wilson and Clemenceau held an important conference at the Mirat palace this morning. It is believed that a closer understanding between the French and the United States, regarding details of the peace pact will be reached. At the conclusion of the conference the president expected to return Marshal Foch's call.

King Victor Emmanuel, of Italy, arrived in Paris at 3:10 o'clock this morning. The Italian official party includes the king, queen, crown prince, Premier Orlando and other ministers. They were greeted by the French cabinet, headed by Premier Clemenceau.

President Wilson and the king were to exchange visits this afternoon. The day's program also includes a visit by the king to Clemenceau's office. The premier will return the call.

WOUNDED FOUR TIMES.

Hammond, Ind., Dec. 19.—Frank Fabich, of Hammond, who is a private in Company C, 9th infantry, U. S. expeditionary army in France, has been named in casualty reports four times since last May and each time he has been listed as severely wounded.

EXPLOSION ROCKS RUSHVILLE HOUSES

Blast on Noah Deshields Farm 2 1/2
Miles North of Greensburg Dis-
tinctly Felt Here

NITROGLYCERIN EXPLODES

Shakes Buildings and Arouses Fear
of Earthquake—Window Glass
in Milroy Broken

The explosion of 775 quarts of nitroglycerin and 200 pounds of dynamite on the farm of Noah Deshields, 2 1/2 miles north of Greensburg, which resulted in the death of Herbert Storms, 23 years old, who was unloading nitroglycerin, was plainly felt here yesterday evening about 5:40 o'clock.

Windows rattled, doors shook and houses trembled. People rushed from their homes, thoroughly frightened. The very first presumption was that the shaking of the earth was due either to an earthquake or an explosion.

It was about an hour before the real cause was known. It was then recalled by many that Storms was seen passing through here yesterday afternoon shortly before four o'clock, driving a motor truck in which he was hauling nitroglycerin.

In many homes people rushed to the door to welcome visitors, believing that someone was shaking the door and trying to get in. Others thought that neighborhood boys were playing late Halloween pranks and tapping on the windows.

Those who were outside when the explosion took place declare that they felt a distinct tremor of the earth. They also heard the roar of the explosion very plainly. Many were of the opinion that the noise came from the west, before they learned the cause of the noise.

The explosion was more distinctly felt in the southern part of the county, of course, and in Milroy and New Salem, houses rocked on their foundations.

Two large plate glass windows in the Odd Fellows building at Milroy were broken. In some homes at Milroy which was securely latched, were shaken open.

Several persons from here went to the scene of the explosion in automobiles. They declare that the hole torn in the ground was at least fifteen feet deep and forty feet in circumference.

The blast was felt for a radius of forty miles, according to dispatches from Greensburg today. Columbus, Franklin, Shelbyville, North Vernon, and even Greensfield and New-castle report hearing the noise of the explosion.

Storms, who lived at Bradner, O., and was employed by the American Glycerin company, had just arrived at the farm from Ohio with 300 quarts of nitroglycerin which he intended to put in the magazine. He had brought the explosive on an automobile truck.

It is believed that he dropped some of the nitroglycerin, which caused the explosion.

All the houses within a radius of several miles were shaken and nearly all the windows broken. Windows in Greensburg also were broken.

As far as is known he was alone. A story was advanced that Storms had a gas well shooter from Muncie, Ind., with him, from the fact that parts of two different shirt sleeves were found. It was pointed out, however, that Storms probably had on two shirts.

Bits of his clothing, including a pocket handkerchief, still folded, were found in an adjoining field and a piece of his trousers was found 200 yards from where the magazine stood.

The auto truck was blown into kindling and twisted iron and dis-wounded.

COUNTY DAIRYMEN ORGANIZED HERE

Association Formed to Promote Dairy Interests And Co-operate in Testing Cows

OFFICERS FOR YEAR NAMED

The Rush county dairymen met in the county agent's office yesterday afternoon and organized the Rush County Milk Producers' Association. The following officers were elected: R. J. Hall, president; James W. Gartin, vice-president; Edward S. Frazer, secretary and Lemuel Zumwalt, treasurer.

Messrs. Gartin and Hall were appointed as delegates to attend the Central Indiana Milk Producers' Association which meets in the Claypool Hotel in Indianapolis today.

The association was formed for the purpose of promoting the dairy interests of the county, co-operating in the testing of cows, and in the marketing of dairy products.

Dr. Hall remarked that the average Indiana cow produces 160 pounds of butter fat per year which will not pay her feed bill while the champion cow of the state produced over 800 pounds of butter fat, last year, and added that, this points out the way for improvement.

It developed in the meeting that several men had been wanting to have their cows tested but could not get the co-operation necessary to secure a tester. It is hoped that through the organization sufficient co-operation will be secured to accomplish the desired results.

The next meeting will be held about the middle of January.

Milroy and the "Flu"

The town of Milroy has had a total of 98 cases of Influenza and one case of Smallpox.

The smallpox case was properly quarantined for three weeks. That quarantine was lifted three weeks ago and in the meantime there have no new cases developed, so the Smallpox situation is closed.

Of the 98 cases of Influenza all are well except 1. There have been no new cases reported in the last week.

All stores and public gathering places have been properly FUMIGATED with FORMALDEHYDE.

All towns in Rush, Decatur and Shelby Counties have been hit by the "Flu," but none can show a record that would indicate it as SAFE from the disease NOW as Milroy.

IF YOU ARE AFRAID OF INFLUENZA, come to Milroy to do your trading and BE SAFE. It's a mighty good place to do your trading at any time.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

Eradicating Grasshoppers

There are going to be lots of grasshoppers during the summer of 1919 in Indiana and other States in the grasshopper belt, according to indications found by entomologists of the department of agriculture and the state agricultural colleges. Farmers are urged to start a cleanup campaign against them right away. Plowing to a depth of 6 inches and subsequent harrowing during the fall or winter, at any event not later than April 10, will cover the eggs so deep that the young will not be able to escape. When grasshoppers make their appearance they can be destroyed by the common poisoned bait method.

But there is another way of getting rid of grasshoppers that makes the pests pay for the trouble of killing or catching them. This method consists of driving a grasshopper catcher through an infested field, catching all the grasshoppers that hop, and then feeding the insects to chickens. They can be dumped into sacks and hung up to dry and fed as dry grasshoppers, or if it is preferred to feed the grasshoppers alive, the machine can be hauled to the poultry yard and placed so that the front will face the light. The insects will find their way out but not too fast for an ordinary flock of chickens. Thus the grasshopper catcher becomes a poultry self-feeder.

How About The 100,000,000

The American Federation of Labor announces that it is about to conduct a referendum among its 600,000 members in railroad employ to assist the President in finding out the attitude of the country on what should be done with the roads. The alternative propositions of national ownership and operation, or private ownership with national control and regulation, are presented in the referendum. The reply of railroad labor will be interesting, of course, but what of the 100,000,000 of our citizens whose concern in the railroads is only slightly less than that of the employees themselves. The price and supply of necessities of life is directly dependent on efficient management of transportation lines, and the voice of the small minority of the people who drag their salaries from the railroad treasuries should not be the only, or even the principal, guide to their ultimate disposition.

Inspires Patriotism

France inspires a wonderful patriotism in its people. Alsace and Lorraine had been separated from their mother country for forty-seven years. They had been entirely under German domination. The German language had been enforced in the schools, in the courts of law and in the churches. Comparatively few people are now alive who were of mature age at the time of the cession of the provinces to Germany.

Yet the prospects of a return to France are received with delight, and the entry of American soldiers took place among public acclamations.

Fortunate indeed is the country which inspires this special brand of loyalty and affection.

Let us all spread our coats and sit down on the pier of our great joy to await the ships that bring home sons of marvelous mothers and the granite pillars of a great nation.

COUNCIL AUTHORITY FOR MASK ORDINANCE

Mayor Irvin Calls Attention to Fact He Did Not Draw up Hallowe'en Measure

CITY'S LOSS CAUSES STEP

Mayor Irvin calls attention to the fact that the Hallowe'en ordinance which was unanimously voted down at the council meeting Tuesday night, was drawn by the city attorney at the suggestion of the council and not on his recommendation. He points out that at the meeting Tuesday evening Nov. 5, the council passed the following order on motion of Councilman Wagoner: "Mr. Wagoner moves that the city attorney be instructed to draw up an ordinance prohibiting Hallowe'en festivities, masking on street and destruction of property."

Mayor Irvin says the council was prompted to pass this order because on Hallowe'en night, just a few days previous to the meeting, the city had suffered a loss of \$6 through the destruction of street lamps. The ordinance was drawn and introduced at the meeting Nov. 19, never discussed at any of its three readings,

and voted down when placed on final passage.

TWO NEW CASES OF "FLU"

Situation in County Continues to be Very Encouraging

The influenza situation continued to be very encouraging today with only two new cases reported in Rushville and none reported outside of the city. Today's report brings the total number of cases reported in Rushville this month to 146, making the daily average, which is daily being decreased, seven and a fraction.

The city council has requested that all claims against the city of Rushville must be presented at once so that all business for the year 1918 can be adjusted before the starting of the new year. Please do not overlook this important matter.

NASH

The Rushville Auto Company is pleased to announce the coming of the Nash passenger cars and trucks to Rush county.

In taking over this line we have carefully looked into its record in service, as well as the standing of the Nash company.

It is well to note the following:

Mr. Nash, previous to taking over the Jeffry factory held the position as president of the General Motors Company for five years; and also General Manager of the Buick Motor Company for a number of years.

Mr. Nash also had charge of the airplane production for the U. S. Government during the world war.

During the war Mr. Nash produced \$37,000,000 worth of Nash products for war services.

The Nash factory covers 100 acres of ground with 30 acres under cover, and employs 3,000 mechanics.

The Rushville Auto Company will be ready for delivery of Nash passenger cars in a short time and are now prepared to furnish Nash trucks. They now have a Nash two-ton truck, equipped with pneumatic tires, in operation.

Children Set Example of Patriotic Devotion

The three children of Mr. and Mrs. Walter Wainwright have set an example of patriotic devotion which might well be emulated by others with the financial ability to do more, and help Rush county approach close to the aim it attains—one hundred percent membership in the Red Cross.

Morris and Leola Wainwright conducted a refreshment stand in front of their father's grocery store, 926 West Third street, on circus day here late last summer and made \$5 which they carefully hoarded against the day when the Red Cross would make an appeal for funds to save the lives of others. Morris and Leola enrolled as Red Cross members at the school they attend and when the canvasser called this week, they had \$3 to pay for adult memberships for their parents and their little sister Jean—and the family is one hundred percent Red Cross because of the thoughtfulness of these two children.

Ira Bird, manager of the contributed over a wide area. Bird, stated that he had used a box while unloading and loading the explosive, and it may have been that Storms loaded it too heavily, causing it to break. The magazine and roadway are separated by a wire fence and the box was used as a matter of precaution in handling the nitroglycerine.

Although dispatches from Greensburg said there was only 600 quarts of nitroglycerine and fifty pounds

Mr. Bird said that just as soon as he heard the explosion at Arlington, he felt sure what had caused it. He declared that his brother narrowly escaped death because he would have been there helping unload the explosive if he had known Storms had arrived. Mr. Bird said Storms was not expected until today.

Mr. Bird asserted that the explosion tore all the window sash out of a tenant house on the Deshields farm, one fourth of a mile away, and wrenched the back porch off the house. It also broke all the window panes in Deshields' own house, which is a cross the road from the tenant house.

Hundreds of persons rushed to the Deshields farm after the explosion and searched with lanterns in an effort to find parts of the body of Storms.

Mr. Bird stated that he had 280 quarts of nitroglycerin in the magazine and fifty pounds of dynamite. He said that Mr. Storms on recent

trips had brought 300 quarts of nitroglycerin. Storms is survived by a widow and one child and word was telegraphed to the widow of the accident.

Washington, Dec. 19.—Representative Gillett, of Massachusetts, today announced his candidacy for speaker of the next house of representatives. He had the unanimous vote of the Massachusetts delegation. Gillett is the second candidate formally in the field. Representative Mann of Chicago coming out yesterday.

The discharge of 150 women conductors by the Cleveland Railway Company, to date March 1, to meet the demands of the 2400 striking motormen and conductors in that city, may mark a beginning of labor's opposition to female dilution. It will be interesting to note what the attitude will be of the women conductor's sisters in the equal suffrage states, toward labor if this thing becomes prevalent.

London Populace Cheer Selves Hoarse When Haig, Byng, Rawlinson and Others Arrive

ARE GUESTS OF KING GEORGE

(By United Press.)
London, Dec. 19.—Hundreds of thousands of persons joined in a tremendous ovation to the British army chiefs who arrived here this afternoon to visit King George. When Field Marshal Haig, accompanied by Generals Rawlinson, Plummer, Byng, Birdwood, and

Horne left the train, they were surrounded by a cheering mass of humanity that blocked their progress. Many American soldiers and sailors participated in the demonstrations. The police finally cleared a way

and the famous military leaders proceeded to Buckingham palace. The streets were decorated with allied flags. At the palace, Haig and his party were the guests of the king.

DISCHARGED SOLDIERS TO GET LOAN PAYMENTS

They Do Not Have to Take Liberty Bonds For Which They Subscribed

RELEASED BONDS NOT USED

Washington, Dec. 19.—Discharged soldiers who do not wish to continue payments on liberty bond subscriptions made through the army organization will have payments already made returned and the subscription will be cancelled. Army officers said yesterday that although this arrangement had been made, they did not expect any great number of subscriptions to be nullified.

Less than \$30,000,000 of the army's \$76,000,000 subscriptions to the fourth liberty loan was subscribed by the plan of making monthly allotments from pay and the balance constituted bank subscriptions, which will not be affected. To the extent that pledges are not carried out, the subscription total to a loan will be reduced. The bonds thus released, however, will not be thrown on the market.

WILLIAM SEXTON FOLLOWS THE HUN

Letter From Former Rushville Boy, Written Nov. 20, Says He Was Close to Border.

WITH 11TH BALLOON COMPANY

Seems Good To Be Living Above Ground Once More And To Be Able To Have Lights.

Nine days after the armistice was signed and hostilities ceased, William Sexton, 11th Balloon company, was only ten kilometers from the German border, following the Hun to see that he evacuated according to orders. A letter has been received from the former Rushville boy, written on that date. He writes as follows:

I wrote you a long letter Halloween. The next day we moved and have been on the jump ever since, so I couldn't get it censored to mail. It got all crumpled up, so I tore it up today. Today is "Dad's Christmas Letter Day."

We are now billeted in a village ten kilometers from the German border. It was captured the second day of the war. It seems good to be living above ground once more and to be able to have lights at night. I never did like dugouts—too many rats and "cooties" for me, but they were safer. When the armistice came, we had been expecting to be relieved for a month. But instead we were ordered ahead to follow the Huns to the border to see that they evacuated as per orders. So here we are. On the way here we stayed in a small village over night and several of us slept on a church oor. Some one began picking the colored glass out of the windows for souvenirs and we nearly froze.

There are thousands of released prisoners passing through here every day. They are of all nationalities—a queer sight, and they tell some funny tales. They are all mighty glad to be free once more and are sure grateful to us.

We hear wild rumors of when we will be sent home, but no one knows yet. The best Christmas present I could ask would be Christmas dinner with you folks at home. I set Easter as the very latest I will be home.

LIMITS STUNTS IN AEROS

War Department Takes Steps to Stop the Increase in Accidents

Washington, Dec. 19.—Because many aviators in this country had taken to aerobatics since the armistice was signed, resulting in an increased accident list, the War Department yesterday ordered there should be no fancy flying lower than 1,500 feet.

The aerobatics, it was stated, had been performed largely in connection with celebrations near cities, towns and buildings. Strict discipline will be enforced against any violating the new order.

GOODRICH BEGINS WORK ON MESSAGE

Prepared to Write Address to Legislature After Collecting Data and Formulating Ideas.

TOUCH ON RECONSTRUCTION

Governor To Deal With This Subject As Well As Devoting Large Portion To Platform Pledges.

Indianapolis, Ind., Dec. 19.—Gov. Goodrich started work this week on getting the message that he will deliver at the opening of the legislature into final form.

The governor has been busy collecting data and formulating ideas for the message for several months. He has consulted with many leaders of various movements regarding ideas to be carried out.

The entire message will be devoted to carrying out of the platform pledges of the republican party, with the exception of a portion which will be devoted to reconstruction ideas, according to belief in the best informed circles here.

Consolidation of public offices; changes in the election laws; change of the taxation laws, to allow the governor to veto any part of the appropriations bill without vetoing the entire measure and the placing of power in the hands of the state's chief executive by making many offices now elective appointive.

It is probable that the governor will not touch on prohibition although he will submit the federal prohibition amendment to the legislature and it will undoubtedly be passed by a large majority.

The question of a constitutional convention will probably not be touched by the governor. He is expected to recommend repeal of the law providing for teaching of German in grade schools on petition of parents of 25 per cent of the children.

COMMITTEE FORMED TO AID SOLDIERS FIND JOB

Central Organization Which Will Command 500,000 Employment Agencies at Work

NATHAN A. SMYTH CHAIRMAN

Washington, Dec. 19.—A central committee which will direct the efforts of the Federal employment service and allied organizations in securing jobs for returning soldiers and sailors was formed yesterday, with Nathan A. Smyth, assistant director general of the employe service, as chairman and Harold Stone, of Syracuse, N. Y., superintendent of the soldiers' bureau section of the service, as secretary.

The committee will be composed of representatives of the American Red Cross, Y. M. C. A., Knights of Columbus, Jewish Welfare Board, war-time commission of American Federation of Churches, War Camp Community Service, American Federation of Labor, Council of National Defense, Federal board for vocational training, committee on education and special training services of the War Department and the morale, personnel and demobilization departments of the War and Navy departments.

The joint action of all these organizations, it was said, brings to the aid of the employment service more than 500,000 local agencies with existing machinery that easily can be devoted to the task of re-locating men in industry.

TO AID NAVAL STATIONS

Washington, Dec. 19.—The United States will help naval stations at Cardiff, Queenstown and Brest, until all American forces are ready to leave Europe, Captain Lanning of the bureau of navigation told the house naval committee today. The stay of the armies in France is indefinite, Lanning said. "I don't believe our forces are coming back by July 1, 1920," he said.

RULES TO BE FOLLOWED TO PREVENT XMAS FIRE

State Fire Marshal Declares Thousands of Dollars Worth of Property is Lost Every Year

COTTON SHOULD NOT BE USED

Indianapolis, Ind., Dec. 19.—Harry Friedley, state fire marshal today issued the following rules for prevention of fires during the Christmas season:

Use fireproof material wherever possible for decorative purposes.

Electricity should be used in place of candles for lighting Christmas trees. Don't use cotton for snow. Permit none but competent electricians to do the wiring.

Children's celebrations should be watched especially, Friedley said. In case of public celebrations all waste paper and other such material should be removed immediately after the party ends. Aisles and passageways should be kept open.

See to it that stoves and other heating appliances are in good condition. Storekeepers should remove packing materials from their places of business frequently. Watch smokers who might throw butts near decorations.

"Thousands of dollars worth of property is lost every year through fires during the holiday seasons," Friedley said. "This waste could be easily eliminated if ordinary rules of precaution and care were followed."

MILK PRODUCERS MEET.

Indianapolis, Ind., Dec. 19.—Milk producers of Indiana met here today to organize a permanent association. W. J. Kittle of the Chicago Milk Producers association and Prof. O. E. Reed of the dairy department at Purdue university were the speakers.

The strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer says to himself, "If I could only be well, how happy I would be," for health is more essential to the joy of living than is wealth.

The kidneys almost literally wash the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out this waste and poisonous matter. It remains in the system to cause backache, rheumatic pains, sore muscles and stiff joints.

Foley Kidney Pills

help the system eliminate this poisonous waste. They soothe, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

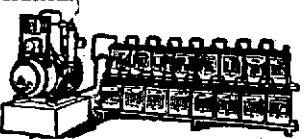

C. W. Smith, 1205 No. 4th St., Salina, Kas., writes: "I am very much pleased with Foley Kidney Pills. I am working in a coal yard and have been very much troubled with my back. I have taken several doses of Foley Kidney Pills and they have already helped me."

ANOTHER SUGAR SHORTAGE LIKELY

Dr. Barnard Says Return to Wasteful Practices Threatens Another Serious Situation.

A SCARCITY OF BROWN SUGAR

Telegram to Food Administration States That It Cannot Be Shipped West of Pittsburg.

Indianapolis, Ind., Dec. 19.—A word of warning was issued today by Dr. Harry E. Barnard, federal food administrator for Indiana and J. E. Langer, who has been in charge of the distribution of sugar in Indiana, that a return to the wasteful practices of a year ago threatens another serious shortage of the commodity. The officials decried, particularly, the restoration of the common sugar bowl in public eating houses, which is held the source of the loss of an enormous percentage of the volume of sugar used.

In a communication to dealers and consumers the Indiana officials state that notwithstanding all regulations of serving and selling have been withdrawn, the Federal food administration is anxious that a policy of strictest conservation be maintained in order that a further limitation be unnecessary.

In the New England states, Mr. Langer says he has been informed, there still exists an acute shortage of first grade sugars. He has endeavored in vain, he adds, to secure brown sugar for curing meats, in accordance with the privilege recently extended by the Food administration to farmers and others desiring to preserve their own products. A telegram from the Food Administration states that no permission will be issued to ship brown sugar west of Pittsburg. Accordingly Indiana will be forced to use a second grade of cane sugar for this purpose.

Mr. Langer declares that "we are just now at the cross roads where the old crop of sugar is passing and the new crop is approaching the market." It will be several weeks, he says, before the situation "eases up." In the meantime, he emphatically declares, there is an imminent danger of the local supply being exhausted, notwithstanding an unprecedented bent sugar yield. He declares the prudent consumer and especially the operators of public eating houses, will do well both by themselves and the general public, to maintain the strictest economies in the use of sugar, no matter for what purpose.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well, what a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, apathy, stomach trouble, others who have yellow skin, blood disorders and sickly complexions are urged to get a regular course of limestone phosphate from the drug store. This will cost very little and is absolutely safe.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lactin; Calcium Glycero-phosphate; Iron Peptonate; Manganous Peptonate; Ext. Nux Vomica; Powd. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kola.

Her Croup Vanished Over Night.

"My little girl had croup every few nights, so as soon as I got Foley's Honey and Tar I began to give her a few drops every two or three hours. That night she slept well, never coughed; next day her cold was gone. Expect to keep this remedy in my house continually, for there's nothing that can come up with it. To all my friends I say, 'Get a bottle of Foley's Honey and Tar for la grippe, coughs, colds and croup. A genuine cure. You can publish this.'" Mrs. R. M. Raney, R. F. D. 2, Stanford, Ky.—F. B. COMRAD IS BADLY WOUNDED

John Vettors Writes of Injury Sustained by Oral Curry

Charles Vettors of Greenfield, formerly a resident of this county, writes that his son, John Vettors, was a comrade of Oral B. Curry, son of James Curry of Greenfield, who last week was reported to have been severely wounded in France November 10, just one day before hostilities ceased. The two boys, Mrs. Vettors says, were together at Camp Taylor, Camp Logan and Camp Upton and for six months faced the Hun in France. Young Vettors writes that it was on the afternoon of the tenth, when he, Curry and others were bringing in some German prisoners, that the Huns turned loose their machine guns and the Americans pined dearly for their captives.

PEPSINCO

ONE AFTER EACH MEAL FOR A WEEK

You'll be surprised how good you will feel. Pepsinco cures stomach trouble. It regulates the bowels. It aids nature. Pepsinco is used by thousands every day, simply because it helps them.

In mild cases of stomach disorder a few doses are necessary. In severe cases Pepsinco is used with wonderful results.

Mr. C. says that he suffered 15 years and Pepsinco helped him to such an extent that he eats heartily and suffers no pain. You take Pepsinco and cure your stomach trouble.

All Drugists Sell It.
